

## The Jerwood Room

This light-filled room has a warm, honey-toned wooden floor and walls adorned with contemporary art from the College's collection. It is an ideal space for relaxed and friendly dining, and can also be used as a meeting or break-out room. It is the College's main exhibition space. Situated next to the Dining Hall in the Deneke building, it is a very good room for small groups who would like a private dining option, and can also be booked as a dedicated breakfast and lunch room in support of residential conferences.
